

Spanish Peaks Regional Health Center utilizes Casper Medical Imaging, a Wyoming-based company, to interpret radiology exams. All radiological images must be professionally interpreted by a radiologist, including x-ray, ultrasound, mammography, CT, MRI, etc.

If you received radiology services during your visit with Spanish Peaks Regional Health Center, please expect a bill for the professional component of the service. You do not need to provide insurance information to Casper Medical Imaging, it is relayed from SPRHC. A notification of this bill may come in the form of a text message and/or physical letter.

To contact the Casper Medical Imaging billing department, please call (307)-265-1620.
